

# AGING AND SPIRITUALITY

God never stops calling us into a deeper relationship. The movement into the status of an “elder” can be filled with apprehension as well as hope. This time of life calls for a renewed, and even reimagined spirituality. While there are challenges, there are unique gifts as well. With visual images, poetry, and music this mini-retreat will open up the opportunities present in this rich time of life.

**Tuesday, March 26 ~ 9:00-11:00 am**
